

Scan. Engage. Everywhere.

DEXIS IS VOYAGER

Watch as your digital scan comes to life. The optional DEXIS IS All in One Computer combined with the sleek, flexible, ergonomic DEXIS IS Voyager trolley provides convenient intraoral scanning and enhanced patient engagement—right at the chair.

Together they give you a super-mobile intraoral workstation that can be used with any DEXIS intraoral scanner for image acquisition throughout the clinic.

Hygienic and practical

The IS All in One Computer has an antimicrobial touchscreen that's robust and waterproof.

Scalable design

Ready for our current generation of intraoral scanners and for the next one.

Save space

Ergonomic, slim design that's easy to move and store. Comes with cable management system, power strip, locking foot pedals and storage for all intraoral scanning accessories.

Move freely

Optional accessory* holds your battery backup and enables your IS All in One Computer to stay powered while moving from chair to chair.

Configure your way

Can be configured three ways: as a trolley, desk mounted** or wall mounted.

* UPS mounting box available for sale in North America and EMEA only. In EMEA, UPS battery is not included.

** Desktop stand sold as an optional accessory.

A SMART DESIGN FOR OPTIMAL ERGONOMICS

Tilt and swivel adjustments

Position the workstation on either side of the chair and use the tiltable screen, adjustable with a range of +/- 20°, for seamless and convenient and convenient patient interaction.
